Standard Motor Products Releases 94 New Parts for Standard[®] and Intermotor[®]

NEW YORK, N.Y., May 31, 2017 - Standard Motor Products, Inc. (SMP) announces the addition of 94 new part numbers to its Standard[®] and Intermotor[®] lines. The release spans 23 product categories and expands coverage through the 2017 model year by more than 25 million VIO. To view the highlights, watch Standard's New Parts Spotlight Vol. 17 at www.youtube.com/StandardBrandParts.

Aftermarket-Leading VVT Coverage

One highlight from Standard's release is an expansion to its line of variable valve timing (VVT) components. With the introduction of 3 VVT Solenoids and 9 VVT Sprockets, Standard's VVT line now totals more than 260 parts. To learn more about Standard's aftermarket-leading VVT coverage, visit www.StandardVVT.com.

Sensor Line Expansions

The company also expanded its sensor category by releasing 40 ABS Speed Sensors, 7 Mass Air Flow (MAF) Sensors, 5 Vehicle Speed Sensors, and 4 Accelerator Pedal Sensors. Other notables include 7 Transmission Control Solenoids and several power switches.

Commenting on the news, Phil Hutchens, Vice President Engine Management Marketing, SMP, stated, "Our recent expansions to our VVT and sensor categories demonstrate our commitment to supplying technicians with comprehensive coverage and premium quality for high-tech categories."

All new applications are listed in the eCatalogs found at www.StandardBrand.com and www.IntermotorImport.com and in electronic catalog providers.

Standard[®] offers premium engine management related products, including computerized engine controls, TPMS sensors, and fuel injection components for domestic vehicles. Intermotor[®] offers a full line of genuine import products that are unrivaled for their superior quality, original match and comprehensive coverage.

For additional information, contact an SMP sales representative or visit www.StandardBrand.com and www.IntermotorImport.com.

About SMP:

SMP[®] supplies independent professional auto technicians and automotive do-it-yourselfers with high quality replacement parts for engine management ignition, emission and fuel systems as well as temperature control products for domestic and import cars and light trucks. SMP[®] products are sold through both traditional and non-traditional distribution channels. For more information, download the SMP[®] Parts App 2.0 or visit www.smpcorp.com.
