Standard Motor Products Releases 1,188 New Parts for Standard and Intermotor

NEW YORK, N.Y., February 21, 2018 - Standard Motor Products, Inc. (SMP) announces the addition of 1,188 new part numbers to its Standard® and Intermotor® lines. The release spans more than 100 product categories and expands coverage through the 2018 model year by an additional 638 million VIO. To view the highlights, watch Standard's New Parts Spotlight Vol. 23 at www.YouTube.com/StandardBrandParts.

The company continues to broaden its aftermarket-leading coverage for both its Variable Valve Timing (VVT) and Diesel lines, with the release of 37 VVT Solenoids, 18 VVT Sprockets, 11 new Diesel Fuel Injectors, and 11 remanufactured Diesel Fuel Injectors.

Another highlight from the release is the increase in coverage for the company's sensor and switch lines. The addition of 487 sensors includes 79 Exhaust Gas Temperature (EGT), 38 Vehicle Speed, and 25 Ambient Air Temperature Sensors to increase total coverage by an additional 70 million VIO. The company's 255 new switches—including 114 Power Window, 34 Oil Pressure, and 17 Stoplight Switches.

Other notable additions include 46 Transmission Control Solenoids, 44 Fuel Vapor Canisters, and 29 Power Door Lock Actuators.

Commenting on the release, Phil Hutchens, Vice President Engine Management Marketing, SMP, stated, "We're proud to add more than a thousand parts across growing categories such as VVT and diesel. When professional technicians think full-line coverage, we want them to always think Standard."

All new applications are listed in the eCatalogs found at www.StandardBrand.com and www.IntermotorImport.com and in electronic catalog providers.

Standard® offers a full line of premium engine management products across an array of categories including diesel, turbochargers, TPMS, VVT components and new MAF sensors. Intermotor® offers a full line of genuine import products that are unrivaled for their superior quality, original match and comprehensive coverage. For additional information, contact an SMP sales representative or visit www.StandardBrand.com and www.IntermotorImport.com.

About SMP:

SMP® supplies independent professional auto technicians and automotive do-it-yourselfers with high quality replacement parts for engine management ignition, emission and fuel systems as well as temperature control products for domestic and import cars and light trucks. SMP® products are sold through both traditional and non-traditional distribution channels. For more information, download the SMP® Parts App 2.0 or visit www.smpcorp.com.
