Subject: USMCA Certificate of Origin

Dear SMP – Independence Supplier:

SMP – Independence must annually obtain information from our suppliers to allow us to review the eligibility of our products for certification under USMCA Guidelines. Annual USMCA certification allows our parts to be classified at lower customs duty rates in Mexico, Canada, and the U.S.

This document must cover the blanket period from January 1st, 20__ through December 31st, 20__.
Please send your completed, signed document to the attention of: Materials Dept., USMCA, 1300 W. Oak - Independence, KS 67301.

For all non-USMCA parts, please provide the Harmonized Tariff Classification Code and Country of Origin.

If you need help completing the document, please refer to the USMCA Desk at (202) 482-0305.

We appreciate your prompt attention to this request.

Thank you,

Standard Motor Products, Inc.
